University of California Riverside, Certificate in College Counseling

Dickinson College, BA in Political Science and Policy Management Studies

Hood College, MBA

Teshia McGinnis

College Counseling Administrative Assistant

tmcginnis@carychristianschool.org

Welcome and topics

We are going to cover:

1. Changes in the College Admission Landscape
2. Testing
3. Understanding the PSAT results
4. Upcoming college counseling events
5. College Tours
6. Specialized recruiting
7. Naviance
8. Summer Activities

Topics

We are going to cover:

1. **Changes in the College Admission Landscape**
2. Testing
3. PSAT results
4. Upcoming college counseling events
5. College Tours
6. Specialized recruiting
7. Naviance
8. Summer Activities

Changes in the College Admission Landscape

For the current admission cycle, most, but not all colleges are test optional. This means that they are doing holistic review of applications.

Holistic review: evaluating student's transcript for both courses and grades
application including Common App Essay and short answer essays
teacher letters of recommendation
school profile
activities, sports, jobs,
outside learning opportunities
using test scores where applicable
counselor letters of recommendation (aka written evaluation)

What holistic review means for you

- **Your transcript and grades matter. Colleges use transcripts, not report cards.** Students, work hard in your classes. Get help if necessary. Most colleges put heavy emphasis on your junior grades.
- Develop good study and organizational skills.
- If you haven't fulfilled your elective requirements try to do that by the end of sophomore year.
- Explore things. Take electives beyond the required ones. I suggest at least one elective a semester.
- Be involved at our school and in the community.
- As you get to be upper classmen, take on leadership roles.
- Be a reader! Read books beyond the required books for your class.

- Note: even when some schools require test scores, others will still be doing a holistic review. **Always**, your transcript is the single most important thing for college admission.

Topics

We are going to cover:

1. Changes in the College Admission Landscape
- 2. Testing**
3. PSAT results
4. Upcoming college counseling events
5. College Tours
6. Specialized recruiting
7. Naviance
8. Summer Activities

Testing

- Due to the pandemic, most colleges are test optional for students applying for Fall 2022 admission (current seniors.) While some schools will stay test optional for Fall 2023 admission (current juniors), others have announced that they will be requiring tests (SAT, ACT, or in some cases CLT.) I think that current sophomores will need college admission test scores.
- Why? Because testing is a standardized way to gauge a student's academics. While most all schools value the students academic record (transcript) above test scores, they can glean valuable info from test scores.
- Students should plan to take those tests.

What does that mean to you?

- **I suggest that sophomores have one college admissions test completed before the start of their junior year.** There are a couple of reasons for this: reality (aka stress) of testing sites closing with little notice, students being closer to algebra, ability for students to do free practice for tests, and avoiding the stress that comes with not having a test score. Consider having your son or daughter test 2nd semester of sophomore year.
- There are trade-offs with testing sophomore year. While students are closer to algebra, there are math topics that won't be covered until the end of Algebra II or in 11th grade including logarithms, rational functions, and an in-depth study of trigonometry. Let's balance testing with the student's overall well being.
- **Suggested testing time frame: students try to take a college admissions test once 2nd semester sophomore year (or before start of junior year), two to three times junior year, and, if necessary, senior year.** *Proper preparation is necessary before each sitting.*

College Admissions Testing

ACT: www.ACT.org

Four sections: Reading, writing, science, and math. 36 perfect score

Note: pre-pandemic, they had announced a single section retest would be available. That has been delayed.

SAT: www.collegeboard.org

Part of the SAT suite of assessments which include the PSAT and SAT.

Two sections: EBRW and Math 1600 perfect score

CLT: www.clt.org

New, classical test. There is a limited but growing college acceptance

Strongly consider ACT if English > Math by 70 points on SAT.

Strongly consider SAT if Math > English by 50 points on SAT.

If not sure which to take, consider the ACT for 2nd semester sophomore year.

ACT Superscoring

- This shows a student taking the ACT three times with the student's highest composite score of 22.
- The student's superscore is actually 22.5 which rounds up to 23.

TEST DATE	ENGLISH SCORE	MATH SCORE	READING SCORE	SCIENCE SCORE	COMPOSITE SCORE
APRIL	19	20	23	21	21
JUNE	22	22	20	22	22
SEPTEMBER	20	23	21	21	21

SAT Superscoring

Date	EBRW	Math	Score
August	550	620	1170
September	620	550	1170
May	590	670	1250
Superscore	620	670	1290

Test Prep

“By failing to prep, you are preparing to fail”..... maybe not quite, but you aren’t preparing to succeed either

- ACT offers the ACT Academy for free and charge a fee for other services.
- SAT offers Khan Academy for free and charge a fee for other services.
- Don’t go in cold to a test! Do test prep!
- **For sophomore testing: I recommend self-studying for the SAT or ACT with either one of the free online resources, the Barron’s study guide for the ACT or the SAT, or the official ACT or SAT study guide.**

Start with 30 minutes a day, 3 times a week for the two weeks leading up to the test if you have already taken the PSAT. If you didn’t take the PSAT, a whole practice test is worthwhile.

- A list of Test Prep Tutors is available outside of my office. I recommend waiting until Junior year until hiring a test prep tutor, if you choose to do that.

Topics

We are going to cover:

1. Changes in the College Admission Landscape
2. Testing
- 3. PSAT results**
4. Upcoming college counseling events
5. College Tours
6. Specialized recruiting
7. Naviance
8. Summer Activities

PSAT Results-Last year's class

If your child takes the PSAT in October, those results will be available in December.

Last year's results:

- National Average EBRW: 507 Math: 494
 - CCS Juniors EBRW: 596 Math: 535
 - **Benchmarks for 11th grade EBRW: 460 Math: 510**
-
- What the Benchmarks Mean: The College and Career Readiness Benchmarks for the current SAT predict a 75% likelihood of achieving a C or higher in related first-semester, credit-bearing college courses. The benchmarks are set at the section level, so there is a benchmark for Evidence-Based Reading and Writing and a benchmark for Math. Score reports for the PSAT include grade-level benchmarks based on how students grow from year to year toward the SAT benchmarks.
 - Last year, all CCS Juniors met the benchmark for EBRW.

Understanding your PSAT answer sheet

These will be available around the second week of December.

- Approaching Benchmarks
- Answer keys-Go over your answers and learn what you didn't know.
- Link to Khan Academy for FREE test prep! Most students will benefit from developing a test prep routine and habit. **If your son or daughter did not meet the benchmarks, I recommend tutoring and test prep.**
- Peer Tutor list in the Knightly News. I have a list of test prep tutors outside of my office.
- When they are Juniors, they will have the opportunity to take the PSAT/NMSQT to qualify for National Merit Scholarships if they sit for the PSAT/NMSQT.

Topics

We are going to cover:

1. Changes in the College Admission Landscape
2. Testing
3. PSAT results
- 4. Upcoming college counseling events**
5. College Tours
6. Specialized recruiting
7. Naviance
8. Summer Activities

Upcoming College Counseling Events

Sophomores

- I will share this PowerPoint in the Knightly News and recommend that Sophomores read it.
- **College Visits in September**
 - September 21st, Tuesday: Furman University
 - September 22nd, Wednesday: Wofford College
 - September 23rd, Thursday: Elon University

 - September 28th, Tuesday: Cedarville University, East Carolina University, and University of North Carolina at Greensboro
 - September 30th, Thursday: Davidson College, Wheaton College, and College of William and Mary.

Upcoming College Counseling Events

- In person College Fair at CCS on Wednesday, September 29th from 5pm to 6:30 pm in the gym including:

Anderson University, Campbell University, High Point University, Lenoir-Rhyne University, Lipscomb University, North Carolina State University, Patrick Henry College, and Queens University of Charlotte.

- **Parents and students are encouraged to attend!**

Upcoming College Counseling Events

AP Exam Only Registration closes October 1st

- AP Exam Only Registration is open
- See the **Knightly News** under **Upper School** to the AP Exam Only PowerPoint, Registration Codes, and Veracross Link. (Registration is a two-step process.) Please read the whole PowerPoint. (Only one Sophomore parent attended the AP Exam Only meeting.)
- Deadline to register is October 1st.
- Cost is \$100 per exam.
- Questions about the registration process: email Teshia McGinnis, tmcginnis@carychristianschool.org

Topics

We are going to cover:

1. Changes in the College Admission Landscape
2. Testing
3. PSAT results
4. Upcoming college counseling events
- 5. College Tours**
6. Specialized recruiting
7. Naviance
8. Summer Activities

College Tours

Finding the right college is a match to be made, not a prize to be won.

- In an ideal, non-Covid world, sophomores would begin visiting colleges and maybe even have been on a college tour already.
- If your child hasn't been on a college campus in the last three years, I suggest letting them see NCSU, Peace, Meredith, Shaw, Duke, UNC-CH, or Campbell since all are nearby. You can drive through the schools and get a feel of urban (NCSU, Peace, or Shaw), college town (Carolina—Go Heels!), small/rural (Campbell), small (Meredith), and insulated in a city (Duke).
- At this point, I suggest looking at a mix of private and state schools. Some private schools offer great academic scholarships, have managed to be in person this fall, and provide more personalized education.
- Will your fall/spring break or summer travels take your near colleges? If so, include a tour or two. *In junior year, make an earnest effort to tour campuses.*

Why to consider a Christian college

- As parents, you have invested in your child's classical Christian education. Your children have a good foundation. The secular culture at public colleges is moving further away from a Biblical worldview. What influences do you want professors and students to have on your child?
- Look at the college's goals, purpose, and culture. What do they value? What do they promote?
- Most Christian schools have cultures that support the Gospel. But you still must do your due diligence.
- Look at the retention rate, graduation rate, % going to medical and law school, % employed in 6 months after graduation. Sometimes Christian schools have higher percentages than some well-known large public schools. Consider the intangibles such as a culture that supports the Christian faith.
- From Grove City's website: Students leave here prepared to thrive. *The Princeton Review* ranked Grove City College #8 in the country for its career services office and for internships. Also, 96% of our graduates are employed or in graduate school within six months of graduation—going on to earn salaries that rank us in the top 13% in the nation for alumni earnings.

If not a Christian school, suggestions for growing in faith at a secular school

(These are also appropriate suggestions for students at Christian schools as well.)

- When looking at a secular school, pay attention to what the admissions reps are espousing about their campus. Know what you are up against. Parents and students, I encourage you to have real conversations about those things. Parents, campuses are worse than you think. Students, campuses are not as good as you think. Talk and pray through these things.
- I encourage students to get connected with Christian organizations. Look at campus ministries such as Cru, Young Life, RUF (Reformed University Fellowship), Baptist Student Ministry, etc. The most important things from my perspective are to find one that is Gospel centered and where the student connects well with others. Ask on tours about campus ministries. If the tour guide is not aware of any, that tells you something.
- I also encourage students to find a local church. Some of the local churches have great student ministries such as Colonial Baptist and Summit.

Topics

We are going to cover:

1. Changes in the College Admission Landscape
2. Testing
3. PSAT results
4. Upcoming college counseling events
5. College Tours
- 6. Specialized recruiting**
7. Resumes
8. Summer Activities

Specialized Recruiting

- Thinking about a United States Service Academy?
- Summer Session is usually for the students who are between junior and senior year. But sports camps are available.
- Want to play _____ (sport, noun) in college? Register with the NCAA Clearinghouse.
- Consider summer sports camps. Talk to Mr. Poore or Mr. Cathy for suggestions.

Topics

We are going to cover:

1. Changes in the College Admission Landscape
2. Testing
3. PSAT results
4. Upcoming college counseling events
5. College Lists
6. Specialized recruiting
- 7. Naviance**
8. Summer Activities

Naviance

We use Naviance, a powerful information system for college counseling and guidance. It has career assessments, college search data, and many other tools. It also allows me to communicate and give information directly to the admissions offices. I use it to send all transcripts, letters of recommendation, etc.

Currently, sophomores can use it to see College Visits.

In November or December when I work with the sophomores, we will do some work on Naviance. It is interesting to see the results of the Career Assessments. By the time the students are seniors, they will become quite adapt at using Naviance.

Topics

We are going to cover:

1. Changes in the College Admission Landscape
2. Testing
3. PSAT results
4. Upcoming college counseling events
5. College Lists
6. Specialized recruiting
7. Naviance
8. **Summer Activities**

Summer Activities and Volunteering Ideas

- Volunteer Activities-Dorcas Shop, Habitat for Humanity, local hospitals, YMCA, Miracle League, Teen Court, tutoring, etc.
- Mission Trips
- Jobs
- College Camps – explore potential majors or careers. Learn new skills. See my bulletin board!
- Summer Sessions for Service Academies
- Summer sports camps
- Boys’ State, Girls’ State, Boy Scout High Adventure opportunities, Venture Scouts, Civil Air Patrol, etc.
- Possible goals: broaden your horizon, serve the community, serve the disadvantaged population, make money, learn a new skill, explore, etc.

Conclusion
