

Dear Cary Christian Family,

God has blessed our school. For 26 years, Cary Christian has pursued the hearts and minds of students. This pursuit has created the great moment that we are enjoying today. When the world came to a screeching halt or became distracted by political agendas, our school kept moving forward.

Today, our community is tighter and more committed to each other. The average CCS student is learning more today than the average student was learning three years ago. Most encouraging of all, our halls are filled with laughter, joy, and order.

So, thank you. Life, in a fallen world, will always have uncertainties and moments of frustration. However, we have the great privilege of raising our children with adults (teachers and parents) who are committed to doing what is right even when it is hard. If you are looking for a reason for our current strength and stability, look at the spirit of faith and adventure that drives our community.

A great movement has begun, and our school is at the center of it. In 2018, the University of Notre Dame conducted a survey of ACCS alumni, and the results were compared to five different types of previously surveyed schools (Public, Catholic, Private Prep, Evangelical, Home-Religious). For more information on how God is blessing Classical Christian Education, [click here](#).

This is a great moment for our school. Our goal next year is to leverage this very special moment in time that God has given to us. I hope you will join us, both in year-end giving and in Re-Enrollment. If you want to support us in your year-end giving, please [click here](#). Re-Enrollment begins today! You can access Re-Enrollment through your [Veracross Parent Portal](#).

I pray you have a Merry Christmas!

Robbie Hinton  
Headmaster
