

Cary Christian School
2024-2025 Middle and Upper School Elective Teacher

Job Title: Computer & Technology Elective Teacher
Reports to: Dean of Academics
Department: Part-Time Faculty, 2 hours per day, 2-3 days per week

Cary Christian School, a K-12 Classical Christian school located in Cary, NC, is seeking dynamic and talented educators for the upcoming school year. The mission and goal of CCS is to provide students with “**an excellent education founded upon a biblical worldview.**” A CCS teacher pursues and supports that calling by discipling the minds, hearts, and hands of students. Our teachers have the opportunity to train and equip each student in “the way he/she should go” in order for them to know and carry out God’s specific calling in their life (Proverbs 22:6).

Qualifications and Skills:

- Candidates should understand classical Christian educational philosophy and possess the desire and ability to learn and teach this methodology in the framework of a biblical worldview.
- Our instructors bring the classroom to life by implementing rigorous classical methodologies while implementing good classroom management skills.
- Our teachers exhibit a love for students, possess a passion for teaching, appreciate and uphold Cary Christian’s mission, and personally embrace our statement of faith.

Covered Elective Topics May Include:

- **Computer Programming:** An Upper School course would seek to impart both basic & advanced concepts of computer programming using a well-known and widely used language, such as C/C++ or Python. A Middle School course would seek to impart the basic concepts of computer programming. This may also use a popular language such as C/C++ or Python, but may also leverage popular drag-and-drop interfaces.
- **Computer Science:** An Upper School course would seek to cover the basics of computer science, including a brief history of computation, major historical events in computer development, and the basic concepts of computer architecture, computation, and data manipulation.
- **3-D Modeling:** An Upper School or Middle School course would seek to cover the basics of 3D modeling using a hands-on approach by creating models in 3D using an easily obtainable 3D modeling package.

Interested candidates should send a resume and cover letter detailing why this position is a good fit to:
