Why do you want to serve on the Board of Directors at Cary Christian School?

I have served on the Cary Christian Board for 9 years. I have prayerfully considered my time on the board and the work that The Lord is doing through the Board and in the school at Cary Christian. I see the fruits of the Vision that the Board set out when I first became a member of the board. The CCS Board depends on continuity and it is crucial that the Board has both rear and forward vision. I have come to realize that the PGM that governs the Board and the Leadership team is instrumental for the health of the school and if we have 7 people with different mindset and visions the school could really take a turn into any direction.

What leadership experience, talents or character traits do you have that could benefit the CCS board?

- I have business experience that involves leading a team of 25 team members
- I have read and am well versed in Robert's Rules as well as many of business/leadership books
- I believe I possess the ability to learn and I listen well and act slowly
- I believe that I am humble and I am grateful to The Lord for his guidance in the school

SPIRITUAL EVALUATION

Please type information in the boxes.

Provide a brief testimony of your faith in Jesus Christ.

I was very fortunate to grow up in a Christian home. My mother and father got saved in their adulthood shortly after the birth of their second child. They grew in the faith and I watched my father serve in the church as a deacon and later elder. When I was at Va Tech, I did not live a Godly example and later in my 20s it really tore me up the decisions I was making and calling myself a believer. It was then in Dental School I was attending a church and the Holy Spirit took a hold of my life and it changed me. I realized the my relationship with Christ was more than attending church on Sunday and asking for forgiveness.

I believe in the Trinity. I believe that in the beginning there was God and He created the perfect world. I believe that sin entered this world. I know that I am part of this sin. I believe with all my heart that God unselfishly sent his only Son, Jesus Christ to come to this earth as a man. He was born of the virgin Mary and worked as a carpenter. He spent time on this earth without sin and eventually was crucified on the cross (as part of God's plan). He was crucified to take my place on that cross. I also believe that I do not deserve this, however Jesus loves me that much where he was willing to take my place on that cross. I believe that He did die on that cross but 3 days later he defeated death and rose again to ascend into Heaven. He left his Holy Spirit here to permeate our hearts daily and encourage our walk with Him.

How do you pursue Jesus?

I love Bible Study and I love learning more about the Bible and how to improve my interaction with Jesus and feel the Holy Spirits presence in my life and in my day to day interactions and my mind.

I have studied with a CCS parent one on one for multiple years journeying through the entire Bible with scripture memory. I started a men's bible study at CCS around 3 years ago that meets every other week with about 7 men. We are also studying every book of the Bible.

I am currently praying through several things, 1- a new study at CCS that involves more Dads
I am also thankful that The Lord continues to give me opportunities to serve Him through different relationships.

How does Proverbs 22:6 guide your parenting?

Megan and I try to implement Scripture and the love our Lord into everything we do. I feel it is imperative to place these words on our hearts, the hearts of our children and certainly on the doorposts of our home. We are certainly marked, and I am proud to be so. We teach our children and discipline our children only with the word of God as a source of teaching. It has been amazing to see how parenting comes to fruition as your children age, to now almost 21, 18 and 13 years of age.

CLASSICAL EDUCATION

Please type information in the boxes.

How did you learn about Classical Christian education and describe your decision to select it for your family?

I learned of Classical Christian Education over 20 years ago when I observed my family attend and graduate from Cary Christian School. Megan and I were amazed at what our niece and nephews were learning, reciting and most importantly their spiritual development.

If you observed a Classical Christian classroom run with excellence, what would you see?

I would see Love. I would see a Love that the teachers display for the children and I would see the children loving the educational process. I would see constructive criticism done with love and not in a derogatory manner. There would be a love of learning and laughter in the room by all, teacher and children.

How do you think CCS could improve?

I think that we should constantly be evaluating our standards and what we offer our students and families. We are a strong school but we should be working to raise the bar whenever possible in all areas of our school.

Please explain the role of the CCS Board.

The CCS Board serves the parents of the school through their relationship with the Board's only employee, the school's superintendent. The Board is tasked with ensuring that the promises and mission of the school are fully and successfully executed.

Do you agree with the policy documents of CCS - ByLaws, PGM, The Parent/Student Handbook?
