

**Note: This is a courtesy email. If your child has already completed a Driver's Education course, please disregard.**

To Parents of 14–15-year-old CCS students,

This week's ***Knightly News*** announced the information below about a local driving school's upcoming **Teen Driver's Ed** classes. We also want to directly email this to parents who have children in the eligible age-range.

**To be clear, CCS is NOT planning, coordinating, or hosting a Driver's Ed class.**

However, CCS has become a Partner School with **I Drive Hand Over Hand Driving School** to share information with our families and to secure a discounted rate. IDHOH aims to offer a service focused on a timely turnaround at a competitive rate. Classes are conducted through Zoom, so students may participate on a laptop (with a working camera) from home or anywhere with solid Wi-Fi. (See details below.)

We share this option as a courtesy for our families who may be exploring driving schools for their child. We hope you find this helpful. We welcome your feedback!

Blessings,

Mrs. Lynanne Rhoades
